

To the Throne of Grace We Come

C G F C
To the throne of grace we come
F C Dm G
Boldly trusting in God's Son
Am G F C
Not by works that we have done
Dm E
But only by His blood
F G C
His sacrifice of love

To His presence we draw near
Perfect love casts out all fear
Trusting Him to meet us here,
We gather in His name
God's greatness to proclaim

In our lives be glorified
Lord of Hosts be lifted high
'Till all the Earth and sea and sky
Are filled with majesty
The fullness of the King

Praises to the Holy One
Father, Spirit, and the Son
You'll complete what you've begun
And in ourselves we'll see
The image of our King
